Relieve Your Indigestion  
With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extracts on the digestive tract, forming an exceptionally effective laxative tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

## PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—5c and \$1.00.

JAY GOULD HEIRS  
FIGHT FOR ESTATE

Sensational Charges Filed  
Against George J. Gould,  
Who Is Executor.

NEW YORK, May 8.—The heirs of Jay Gould, the railroad financier, who accumulated one of America's greatest private fortunes, are in a quarrel over the administration of the \$3,000,000 estate he left them.

His son, George J. Gould, chief executor of the estate, is required by a state supreme court order, signed yesterday, to show cause why he should not be removed. Gould is charged with "frauds perpetrated by him, even on his own brothers and sisters," and which "resulted in an aggregate loss to the estate of \$1,000,000." In affidavits filed in the supreme court by his brother, Frank J. Gould, his sister, the Duchess de Talleyrand, formerly Anna Gould, Countess de Castellane, and the guardians of a number of the Gould children of the third generation. In an answering affidavit, George Gould denies the charges and is supported by a deposition made by Mrs. Helen Gould Shaur, his sister, formerly Miss Helen Miller Gould. Mrs. Shaur declares that the charges are "inaccurate and distinctly misleading." Four of the six children of Jay Gould—George, Helen, Edwin and Howard—are co-trustees of their father's estate. Frank and Anna were not included as both are residents of France. Frank Gould lives in Paris where he recently obtained a divorce from his second wife, Mrs. Edith Kelly Gould, a former actress.

The affidavits were filed in connection with a petition by Frank Gould and his associates to have George Gould removed as executor of the estate.

U. S. WILL SECURE  
WHEAT FROM CANADA

NEW YORK, May 8.—Julius H. Barnes, United States wheat director, announced last night on his return from Chicago, that he had completed negotiations to bring 1,000 bushels of Canadian wheat into the United States for distribution to the mills.

These negotiations have been in progress for several days with the Canadian authorities. It was said, Director Barnes announced further that this quantity of imported wheat will be sufficient for those mills which have not provided their stocks up to the new crop. He has reached this opinion, he said, after a survey of the entire mill situation in this country in which he found that many mills are stocked with more than they can possibly grind before the new crop is harvested.

Reports reaching the grain corporation yesterday indicated that the heretofore ruling in the flour market in the United States are being gradually altered and that flour prices have shown a distinct decline in the past week.

THIN PEOPLE  
SHOULD TAKE  
PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, necks and bust, and replacing the soft, curved lines of the body with the straight, firm lines of the healthy, well-developed body, it is not surprising that many of these preparations are actually doing harm. They are usually due to the fact that the soft, curved lines of the body are not the result of weakness, but of a healthy, well-developed body. The soft, curved lines of the body are the result of a healthy, well-developed body. The soft, curved lines of the body are the result of a healthy, well-developed body.
